Intergroup Report -

Dallas Intergroup office is opened and available to serve groups. Intergroup is running at a loss due to reduced contributions and literature sales but has adequate prudent reserve to carry through the COVID crisis.

Many groups have begun to hold in person meetings over the past few weeks. All are taking appropriate actions including reduced capacity, masks, hand sanitizer, and social distancing. Most groups continue to hold online meetings in addition to in person.

All plans for events in the fall are on hold at the current time.
